

*Viva La Musica*

**NEW SMALLER SIZED VIOLIN SHOULDER REST**  
 FOR BEGINNERS AND YOUNG VIOLINISTS

**Lateral adjustment**

of VIVA FLEX shoulder rest  
 (patented)

Possible positions of Viva Flex on the instrument

• **FEET ARE ALWAYS ON THE OPTIMUM POSITION**  
 (widest part of the instrument)

• **SHOULDER REST NEVER FALLS OFF THE INSTRUMENT**

(best security)

Possible positions of the shoulder rest on the instrument:

## VIVA FLEX features:

### ADJUSTMENT

the patented, circular lateral (360°) adjustment system  
(EU patented in 2006, patent no. EP1 878 006).

### FOLDING FEET

unique folding system minimizes the profile of the shoulder rest,  
allowing it to fit inside many cases.

### FLEXIBLE METAL END-MEMBERS

made of tempered steel for best gripping of the feet

### MINIMISED CONTACT

the feet securely grip the instrument at only three critical  
points on each side, allowing the instrument to resonate more freely.

### COMFORT DESIGN

total design concept adapted for beginners and young violinists

Available in following sizes:

**M:** 1/2 - 1/4 (3/4)\*

**S:** 1/4 - 1/8 (1/2)\*

**XS:** 1/16 - 1/32 (1/8)\*

\* Optional enlarged with longer end member

Available colours:

### ADJUSTMENT INSTRUCTIONS

Find the best support and playing comfort by fixing end members from  $0^{\circ}$  to  $45^{\circ}$ .  
We recommend to adjust **LEFT and RIGHT side to the same position:  $30^{\circ}$**
